## **The Millennium Protection Program**

Millennium Coin offers an exclusive inventory of deliverable products. Our specialties include Precious Metals and Rare Collectable Coins. Our inventory list is updated weekly on our website however it does not include all purchase options. We are continuously striving to improve our available inventory to fill any holes your collection may have.

It is the Millennium Policy that all purchases come with a 30 day inspection period during which we encourage that buyers thoroughly inspect their coins. If you are even slightly unhappy with your purchase call Millennium and we will either replace your products or issue a full refund. We don't buy back coins or guarantee the price of silver, but we can make sure our clients are happy with our inventory.

All deliverable products are fully insured through transit and delivery. Courier loses a package? No problem. We will replace your products first and ask questions later. When purchasing collectible coins/ precious metals it is recommended that the products are insured beyond delivery. Insurance options are available upon request. Please note, prices are **not indicated on our inventory due to daily fluctuations in the market** and supply.
